

## REMARKS

Claims 1, 2 and 4-32 are pending in this application. Claim 15 has been amended to change its dependency.

In response to the restriction requirement, the Applicant elects Group I without traverse, corresponding to claims 1, 2 and 4-15. Consequently, claims 16-32 are withdrawn from consideration. Applicant will take appropriate action to cancel the withdrawn claims before allowance.

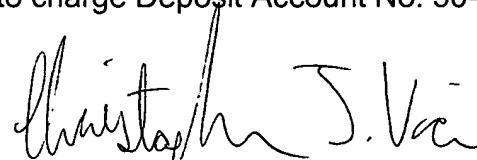

A species restriction requirement was also made. Six species were identified corresponding to Figures 3 to 8, respectively. Applicant elects the species corresponding to Figure 4. The Examiner noted that claim 1 was generic. Applicant respectfully asserts that claims 2, 4-8 and 15 (as amended) are also generic because each claim relates to features that may be combined with all of the species disclosed in the Figures. Moreover, claims 9-12 correspond to the elected species. Thus, Applicant respectfully requests that claims 1, 2-12 and 15 be examined on the merits. Claims 13 and 14 have been withdrawn from consideration. As above, Applicant will take appropriate action to cancel the withdrawn claims before allowance.
